## Kurt Russell on Escape From New York Remake

Posted By : [Meh](#), Monday Dec,24

MoviesOnline talked to Kurt Russell about the upcoming Escape from New York ( [Kurt Russell Interview](#) ) and was pretty candid about the whole thing. First off they asked him what he thought of the upcoming remake. He replied, quote;

*As far as remakes are concerned, they've done a lot of those that I made. They did some Disney movies, like THE COMPUTER WORE TENNIS SHOES, they took STARGATE and turned it into a TV show, they took BACKDRAFT and made it into two fire-fighter shows on TV, they're gonna redo THE THING, they're gonna redo ESCAPE FROM NEW YORK, and as I like to say all day long, "That's all well and good but wait till Stuntman Mike hears about this!"*

*Who cares what I think about it? I couldn't care less, but what he thinks about... Uh-oh! (Laughs) I think I've done a lot of movies but I've never done a sequel. So I left the door open for a lot of guys to make a lot of money. I think I've done a lot of movies – I know I have – that people would like to have seen a sequel to. I grew up in a time when we didn't do sequels. You just did a movie because you wanted to do a movie and you wanted to tell a story. It wasn't to build a franchise. I'm a bit locked into that. I did ESCAPE FROM LA because I wanted to play Snake one more time and I wanted to work with John one more time. That film will not die.*

When asked what it would take for him to do a cameo his response was.... how do you say... odd?

*For a shitload of money, I'd consider it. And I mean a shitload!*

I love Kurt and think he is the one and only Snake Plisken but they are not going to dough out a ton of money for him to do a cameo. It just wouldnt make sense. It shouldnt be all about the moolah Kurt! That said I dont want to see him in a cameo. If he is not Snake Plisken what else would he be?
